# AHMED GAMAL

## Web Designer |UI/UX Designer

**my portfolio** ↗

UI/UX Designer specialized in web and app design using Figma, WordPress, and Webflow, with strong knowledge of responsive design. I've worked on various projects like Daftar+ (debt management app), Saa'i (internship platform), and RIO LTDA (import/export company website). I focus on creating clean, intuitive user experiences with a professional visual identity.
